

The Moonstone IV

"The Moonstone IV" is like "The Moonstone III", only it features a rear entry instead of a side entry. It is a 1,349 square-foot three bedroom, loft-style RTM cabin with vaulted ceilings and large windows. There is a full bathroom on each level, with stackable laundry and master bedroom on the main floor.

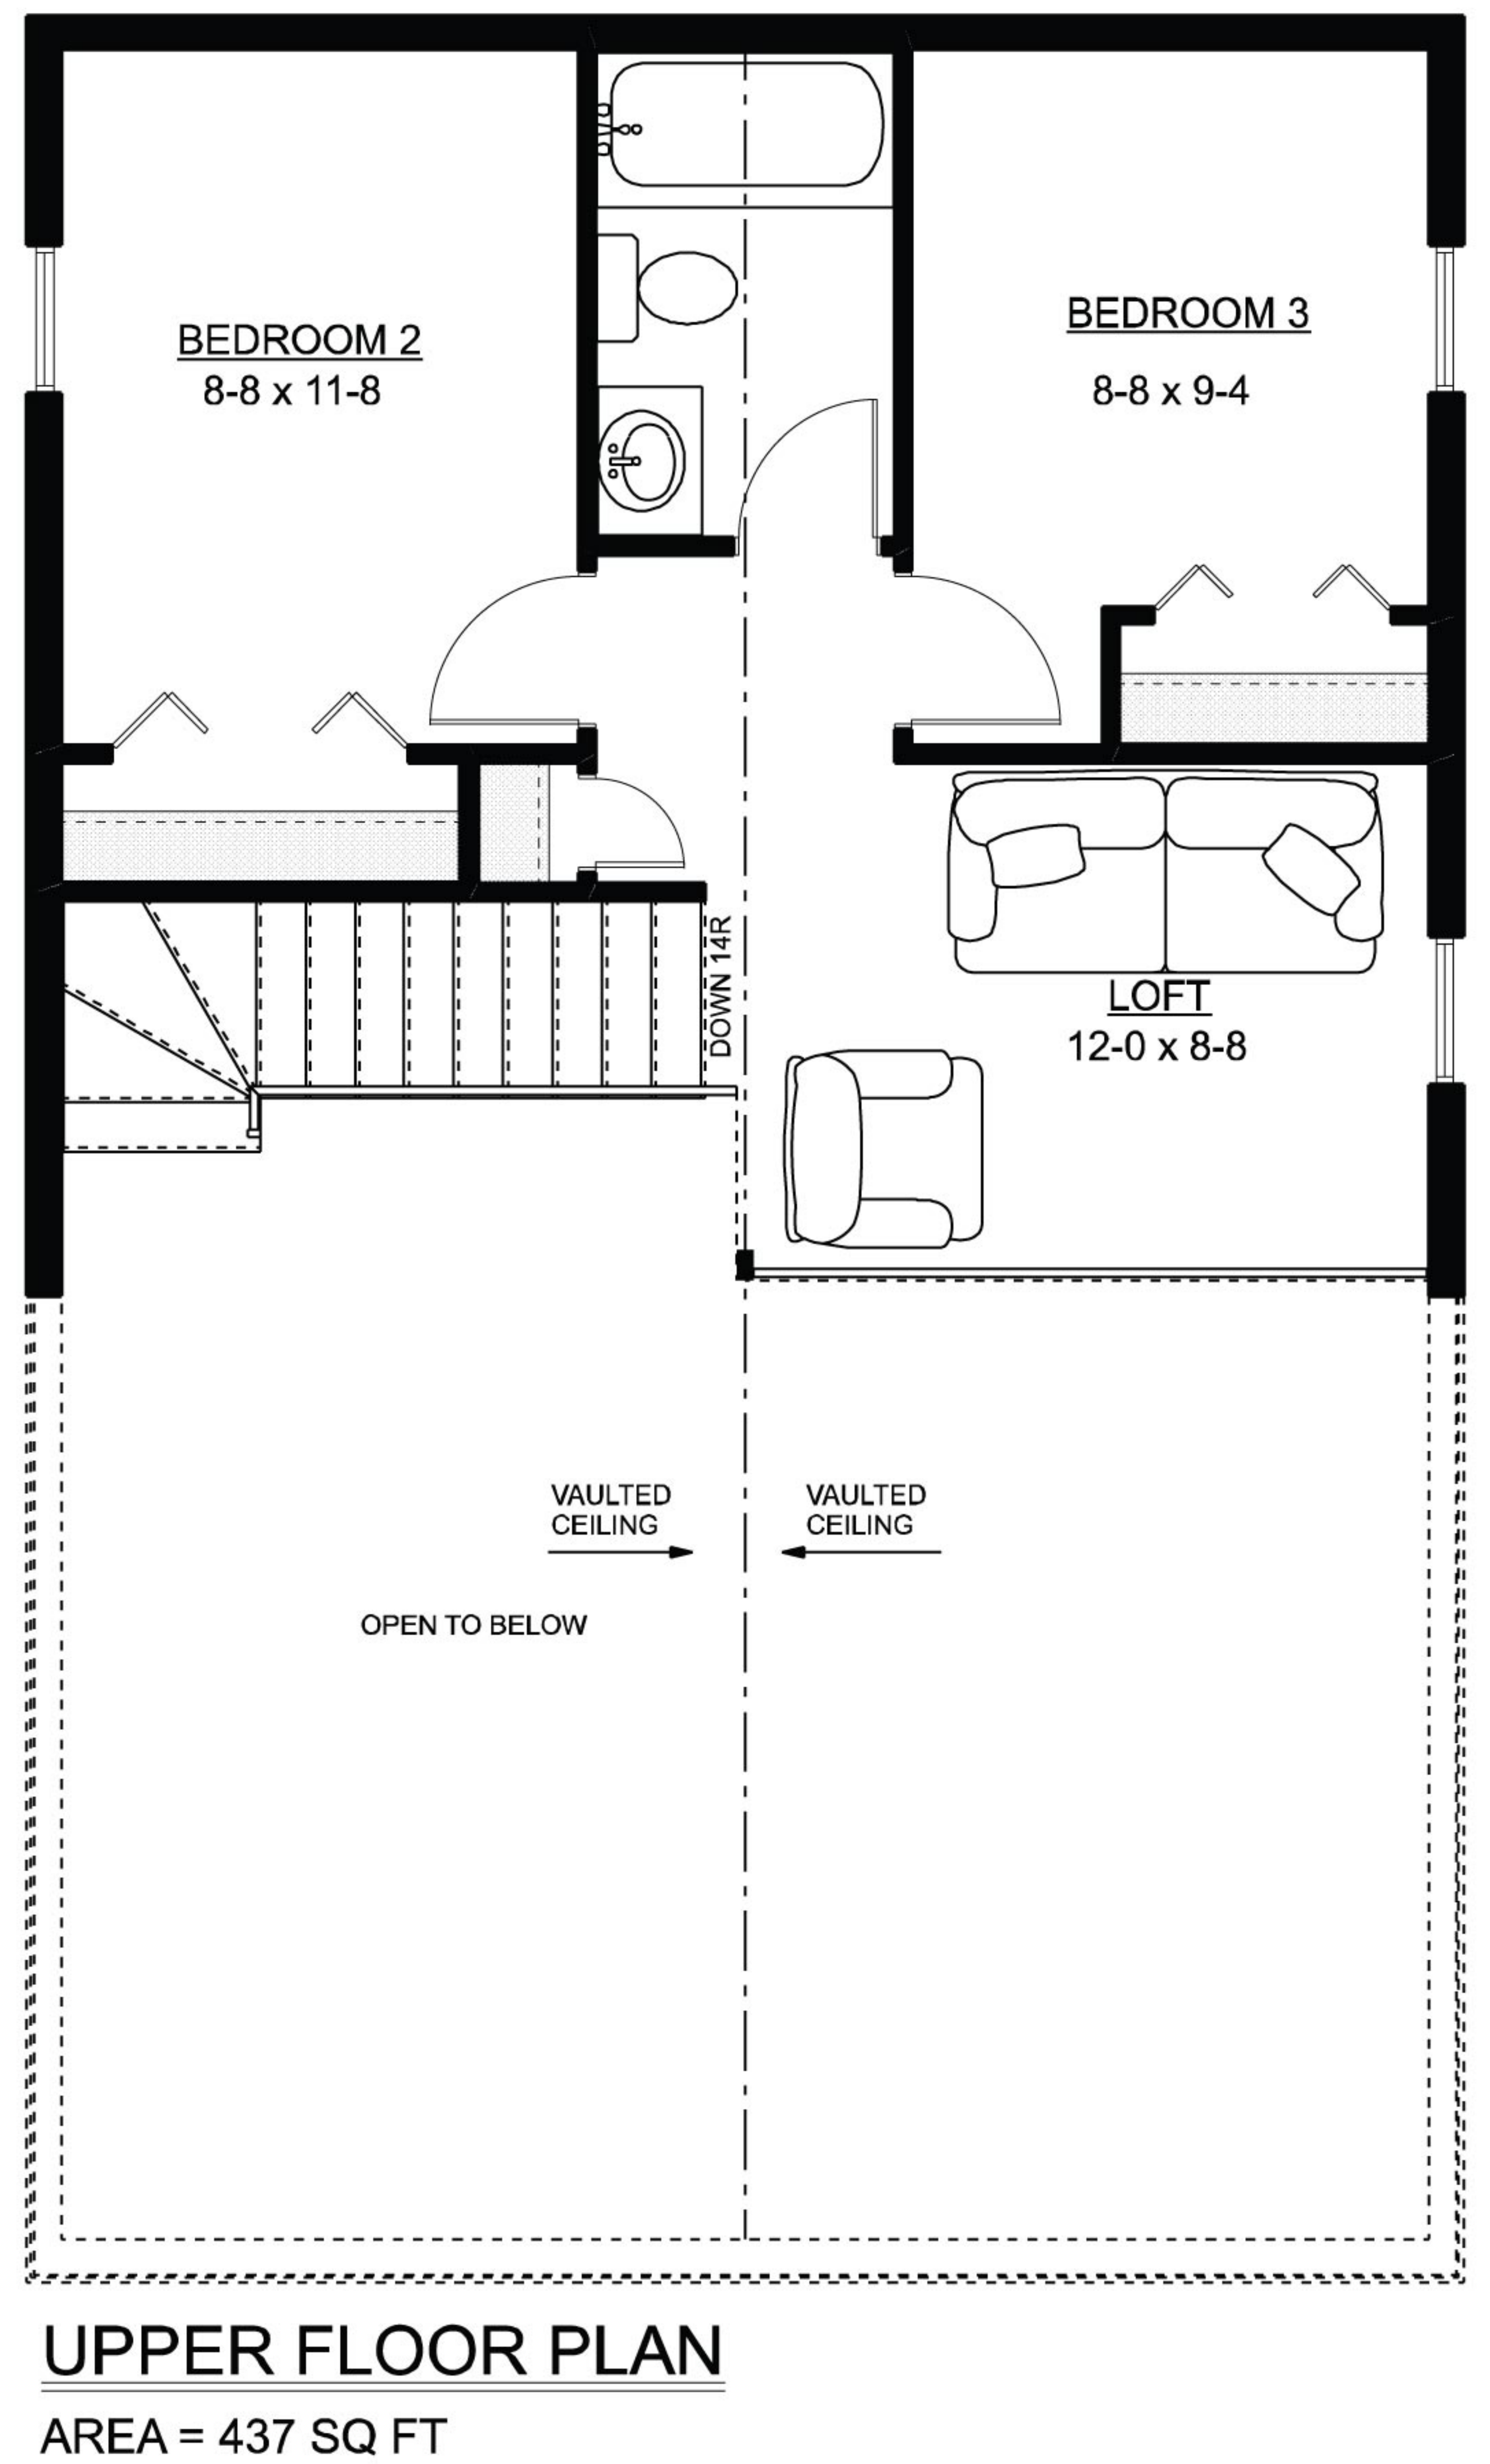

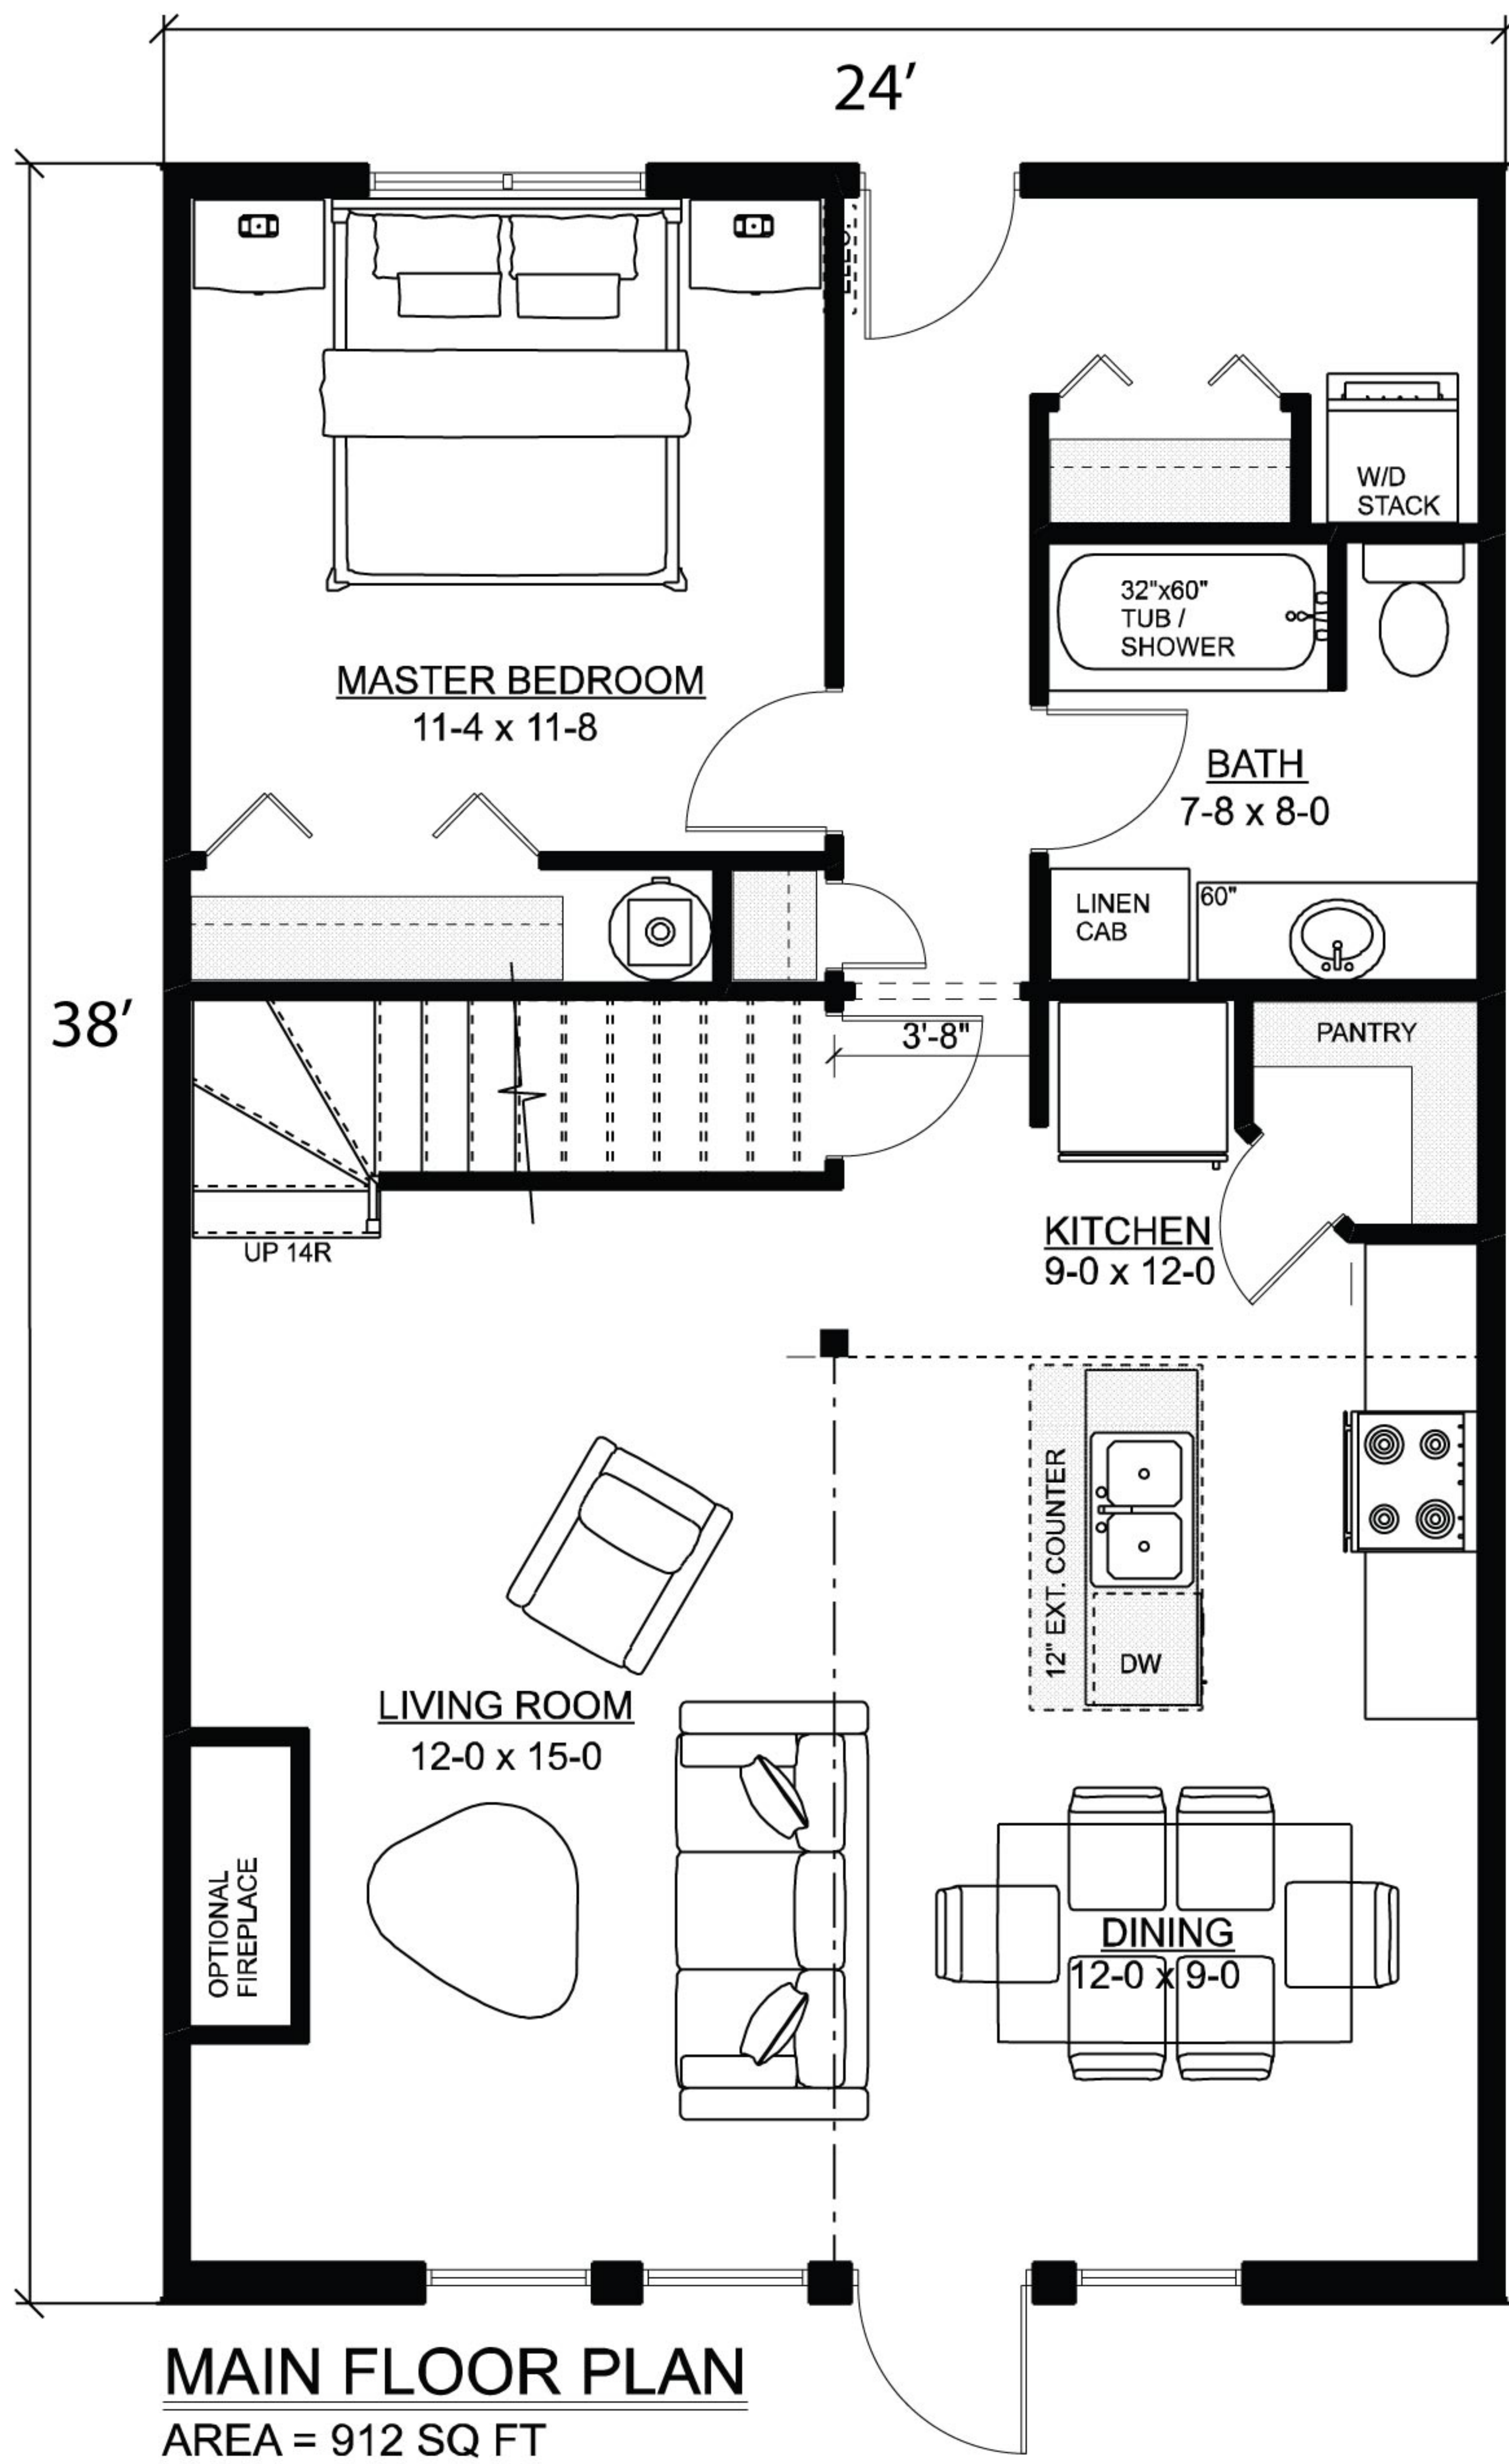

The kitchen, dining and living rooms are all at the front of the cabin. Add a deck off the front and it makes for a great lakefront cabin. The view is also enjoyed from the 2nd storey loft area.
